

### REMARKS

The present preliminary amendment is provided to amend Claims 10, 20 and 25, and to add Claim 26. No new matter has been added. It is noted that the claims are being amended to address various aspects of the invention as supported by the original Specification, and are not being added in response to United States Patent & Trademark Office objections/rejections or to otherwise overcome any issue of patentability. Thus, it is respectfully submitted that the Applicant has not intended to narrow, nor has the Applicant narrowed, the scope of the newly presented or originally presented claims by way of this preliminary amendment.

The Applicant respectfully requests that this preliminary amendment be entered into the record prior to examination and consideration of the above-identified patent application.

**Authorization is given to charge Deposit Account No. 50-3581 (NOKM.091PA) in the amount of \$250.00 for the additional claim fees.** Authorization is also given to charge/credit Deposit Account No. 50-3581 (NOKM.091PA) for any other fees/overages for this filing.

If the Examiner has any questions, the Examiner is invited to contact the undersigned agent of record at 952-892-2700 (ext. 12) to discuss any issues related to this case.

Respectfully submitted,
